Professional Experience

Fifth Third Bank

Assistant Vice President – Treasury Analyst

Cincinnati, OH

02/25 – Present

- Utilize Quantitative Risk Management (QRM) software to project investment portfolio cash flows, market value of securities, economic value of equity (EVE), and earnings at risk (EaR) in support of asset-liability management
- Prepare interest rate risk reports and analysis for the Asset-Liability Committee (ALCO) and regulatory agencies
- Enhanced the investment portfolio reconciliation dashboard automating monthly workflows, reducing manual errors, and improving reporting efficiency for the ALM team

Michigan Department of Insurance and Financial Services

Financial Institution Examiner

Lansing, MI

12/21 – 02/25

- Conducted in-depth analysis of financial performance, operational risks, and balance sheet trends for state-chartered banks, ranging from small community banks to complex multi-branch institutions
- Delivered comprehensive, professional assessments of examination findings, synthesizing key insights to inform team decision-making and regulatory recommendations
- Led strategic discussions with bank management to address critical examination concerns and promote compliance improvements

Board of Governors of the Federal Reserve System

Banking, Credit and Operational Risk Summer Intern

Washington, DC

05/21 – 08/21

- Developed and deployed an interactive R-Shiny web app, enhancing Federal Reserve Analysts' supervision of systemically important banking entities
- Delivered a compelling R-Shiny case study to the Policy Analytics group, catalyzing wider adoption of the technology within the Division of Supervision and Regulation
- Evaluated partner platforms and utilized SQL to extract market data for economic research

Jackson National Life Insurance Company

Strategic Support Associate

East Lansing, MI

11/20 – 05/21

- Designed a process to generate weekly and monthly reports for escalated IT tickets
- Performed analysis on the timeliness and effectiveness of IT solutions
- Supported overall operations by completing daily work for the broker management business unit
